

2014 Annual Virginia Green Travel Star Awards

Innovative Green Projects of the Year:

Inns at Montpelier Green Project

Montpelier, Virginia

Virginia Green Travel Star Award Summary

- ✓ The Inns of Montpelier represent a partnership of 10 Inns in Orange and Madison County. Each one is unique ranging from restored farmhouses and grand historic homes and renovated plantations.
- ✓ One of the things shared between the Inns is being good stewards of the environment. Currently eight of our 10 inns are certified through Virginia's Green program and are on track to reach 100% participation by next year.
- ✓ The Inns at Montpelier are educating consumers to make Eco-friendly choices and have encouraged each innkeeper to be more Eco-minded. As many of the Inns of Montpelier are surrounded by nature at their front and back doors, some use this to educate their guests about their environmentally-friendly native landscapes, local wildlife and biodiversity. A few even offer nature trails to explore.
- ✓ Review our green efforts and offer advice on new initiatives. The ideas helps all our inns create best practices.

Virginia Green is run through a partnership between:

VIRGINIA IS FOR LOVERS
